Local Law 196 Reminders and Updates

Local Law 196 of 2017 requires workers at job sites requiring a Site Safety Plan (which includes sites that must designate a Construction Superintendent, Site Safety Coordinator or Site Safety Manager) to receive 30 hours of site safety training by June 1, 2019 and an additional 10 hours of training by September 1, 2020. Supervisors will need 62 hours of training by the June 1, 2019 deadline. Workers seeking a Limited Site Safety Training Card may defer their 8-Hour Chapter 33 (Site Safety Manager Renewal) training until after June 1, 2019 and take 4-Hours of General Electives and 4-Hours of Specialized Electives instead. Please read details below. In addition, the Department is hosting Local Law 196 of 2017 information sessions. Register for a session.
